Right from the raw material procurement to the manufacture of finished goods, a thorough quality test is conducted to make the products flawless in all respects.

ALL TYPES OF SS PIPE FITTINGS AND VALVES

RAPID MIXER GRANULATOR (RMG)

Rmg of all range are manufactured in ss316 and ss304 with fully automated and semi automated with all the accessories and safety as per gmp standards

FLUID BED DRYER (FBD)

Fbd of all range are manufactured in ss316 and ss304 with fully automated and semi automated with all the accessories and safety as per gmp standards

OINTMENT/ CREAM/ PASTE/ GEL MANUFACTURING PLANT

THE FULLY AUTOMATED PLANT IS MANUFACTURED CONSISTING OF FOLLOWING POINTS

- Pre-Determined Water Phase Vessel
- Pre-Determined Oil, Wax, And Petroleum Phase Vessel
- Vacuum Homogenizer Vessel
- Vacuum Pump
- Storage Vessel
- Interconnecting Pipeline
- Transfer Pump
- Integrated Automatic Control Panel
- Working Platform

ORAL LIQUID SYRUP MANUFACTURING PLANT

Company Manufactures Oral Liquid Syrup Plant Consisting Of Sugar Loading System, Sugar Melting System, Basket Filter And Transfer Pumps, Syrup Manufacturing Vessel, Inline Homogenizer, Zero Hold Up Filter Press, Storage Tank With Stirrer, Intercooling Pipeline, Transfer Pumps, Integrated Automatic Control Panel And Working Platform.

HEAT EXCHANGER / U.V. DISINFECTANTS

U tubes or straight tube design. Sanitary fully drainable design. Custom design to suite Your application

PREPARATION VESSEL, STORAGE TANK

PREPARATION VESSEL , STORAGE TANK, REACTOR, ARE MANUFACTURED WITH CONSOLIDATED PROCESS OF CUSTOMER NEEDS.

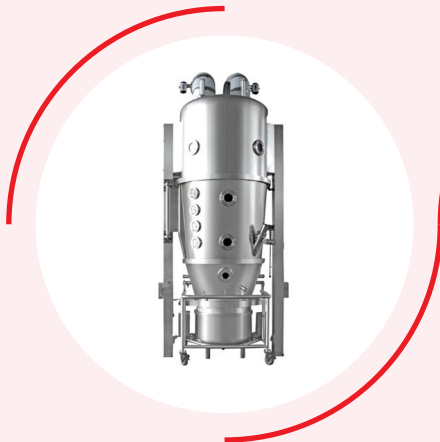

- Design Compliance With cGMP.
- Atmospheric, Vacuum, Or Pressureoperation
- Plain, Jacketed For Heating And cooling
- Mechanicals or Electro Polishing of Internalsurface

BLENDER AND MIXER

- Octagonal/doublecone/"v"shape blender for ideal dry mixture for lubrication of granulesand
- Homogenization mixing of multiple batches into single batch.
- Optional features : Closed loading and unloading, VFD, PLCCONTROLS.

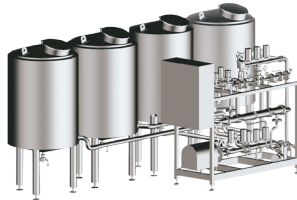

INTERMEDIATE PROCESS CONTAINER (IBC/ IPC)

Intermediate Process Equipment's of All Type Are Manufactured Completely In SS316, SS304 Or SS316l, SS304l. **The high quality finish and design makes it easy use and leads no contamination to liquid or powder.**

CIP / WIP SKID SYSTEM / SIP SYSTEM

Clean in place (cip) / wash in place /sterilization in place (sip) from sumeet products offers reliable cleaning of process equipment and piping with fully automated System.

ORBITAL WELDING / ARGON WELDING / BOROSCOPY FOR SS PIPING

We offer orbital welding, argon welding , boroscopy for ss piping or trunky projects

FILTER PRESS AND VIBRO SHIFTERS

Filter press and vibro shifters of all kind are manufactured with fully automated system

RO AND DM PLANT / INDUSTRIAL WATER PURIFICATION SYSTEM

Ro and dm plant / industrial water purification system of all kind and capacity are manufactured

PRESSURE VESSELS AND STORAGE TANK

Storage Tank with Insulation, Plane Tank, Jacketed Tank both In SS304 / SS316

PHARMA PIPING AND SITE PROJECTS

Complete ss piping with insulation for steam, water line, chemicals etc.

ALL TYPES OF CLEAN ROOM FURNITURES

THE CLEAN ROOM SS304 FURNITURE SUCH AS

- Platform trolley
- Cross over bench
- Trolley
- Inspection tables
- Pharma utensil SSS 316
- Cupboard
- Pallets
- Ladders
- Dustbin
